

Managing health and social care 'Milestones 2008'

Flexible learning for managers in conjunction with NHS Ayrshire & Arran and the institute of healthcare management.

- Are you a busy manager looking to develop your own understanding of Health and Social Care Management?
- Are you planning training and development to help your organisation achieve its goals?

'Milestones' exactly what you are looking for.

Five Milestone titles to choose from. Each Milestone carries five general credits at master level, equivalent to between a third and a quarter of the credits for a university module at the same level. You can expect about fifty hours of study over a six week period and assessment is by assignment.

Modules Available

- Organisational Structures and the Flow of Information
- Making Information work for you
- The role of the Enterprise Manager
- Managing Service Delivery
- Managing service Quality

If you would like to participate in the Milestones Programme or would like an information pack please e-mail: trainingcentreach@aapct.scot.nhs.uk or telephone 01294 323402
